R. and Former Resident of
This City Commits Suicide

Leslie R. Plank, an engineer on the L. H. & St. L. R. R., and who is well known here where he lived a number of years, killed himself late Wednesday afternoon on a highway near the residence of Mrs. Chris Manz near Henryville, Ind.

The body of the dead man was found in the road way some distance from the house a bullet wound in the head and another below the heart. Corner Coots, of Jeffersonville, returned a verdict of suicide.

Mr. Plank's remains were buried in Henryville, where Mrs. Plank's family reside, Thursday afternoon. He is survived by his wife, Mrs. Lorena Johnson Plank, two children, Robert, age 6, and Janie, age 3. His father and sister, Mr. Geo. Plank and Miss Jessie Catherine Plank, of Owensboro, and two brothers, J. Frank Plank and LeRoy Plank, of Louisville.

A short time before the tragedy occurred Plank is said to have had a disagreement with Mrs. Plank at the home of Mrs. Manz, of whom the latter was a guest. Worried over financial and domestic affairs, and being nervous and excited, Plank left his wife and little daughter and walked down the country road to the station. He was found later with a bullet wound in his head and heart.

Mr. and Mrs. Plank resided in Cloverport until three years ago when they moved to Louisville.

INTENSE HEAT RELIEVED BY RAIN

Friday and Saturday Hottest
Days Felt This Summer. 2 3-4
Inches Rainfall at Irvington.

The intense heat of Friday and Saturday, which were the hottest days recorded this summer, was relieved Saturday afternoon by the rain storm which was followed by a drop in the temperature of several degrees. The rain was accompanied by an electrical storm. No damages have been reported in this community, but reports from over the county and sections of the State show that the lightning and wind played havoc with the gardens, trees and electric wires.

The storm reached Cloverport between 3:30 and 4 o'clock during the afternoon performance of the chautauqua. The company staging "Polly of the Circus" had to abandon giving the last act on account of the storm. Many persons were caught during the heavy rain under the chautauqua tent. Two and three-fourths inches of rain fell at Irvington, Saturday afternoon in 1 1/2 hours. The temperature Sunday and Monday was decidedly lower and a great relief from the dust and heat.

BRECKINRIDGE CO. JOINS "BETTER SIRES-BETTER STOCK" CAMPAIGN

Nation-Wide Crusade To Improve
Quality Of Live Stock
Use of Good Pure-Bred
Sires.

The U. S. Department of Agriculture and the Colleges of Agriculture are pushing an active campaign leading towards the eradication of all scrub sires throughout America. This campaign will be actively carried on in Breckinridge County by the Farm Bureau and County Agent. Any person who keeps any kind of live stock are asked to enroll in the campaign. A person desiring to be enrolled in the better live stock campaign fills out a simple blank showing the kind and number of animals kept for breeding and he agrees that all sires used for breeding from the date of signing the blank must be pure bred and of good quality. A pure bred animal is one of pure breeding representing a definite recognized breeding both of whose parents were pure bred animals of the same breeding.

Any live stock owner signing up to breed his animals to pure bred sires only will receive the Official Emblem of the U. S. Department of Agriculture and the College of Agriculture, with the seals of each thereon. This emblem is also signed by officials of these organizations. Any farmer desiring to enroll in this campaign for pure bred sires can do so by getting in touch with the Farm Bureau of County Agent at Hardinsburg.

FARM AND STOCK

Splendid rain last week gave the farmers another raise in their crops. It just came when when least expecting it—And oh how grateful they were.

"Uncle" Julius Dutschke is not an active farmer, but a good observer. He says the crops in Holts Bottom this year are the best he has seen for several years. Uncle Julius is one of our oldest subscribers and one who is right on the dot every year.

Forrest Miller bought the Basham tract of land sold by Commissioner Lee Walls, Monday at the Court House door for \$1,000. There were 78 acres in the tract.

Mrs. Allen Harper bought the Harper tract of 135 acres for \$800. Raymond Alexander bought the Oliver tract for \$600.

William T. Mattingly, sawyer at Leborvitz's mill, says that plain oak lumber is now selling for \$110 per 1,000 feet. Said he had sold the same kind of lumber away back yonder for \$10 per 1,000 feet and it was hard to dispose of at that price.

Mr. Babbage will be at McQuady next Saturday, and please remember that this is the last week of the old rate.

MOLINE TRACTOR DEMONSTRATION AT KIRK.

Good Crowd of Breckinridge Co.
Farmers See The Moline Tractor
Operated.

There was a good crowd of interested farmers to see the Moline Universal Tractor T. W. Row Cultivator demonstrated at Kirk last Saturday under the auspices of M. Mattingly Bros. & Co.

This tractor is different from all other tractors as it cultivates and does all other work too. The Moline tractor has plenty of power, easily managed, and has quicker action than the four wheel tractors. It is just the machine for the acreage farmer, who does not have enough men or horses to carry on his work. The machine will help him out in his hay and other work.

The farmers who saw this machine operate were well pleased with it and will no doubt be Moline Tractor owners before another season.

Alarm Clock for the Deaf.

An alarm clock which will prove useful to the deaf and also to those whom the ordinary alarm clock fails to arouse has recently been patented. At the hour at which the alarm is set not only does the bell ring but a wooden ruler taps the sleeper gently on the head until the "cease action" lever is pulled. This should prove efficacious except for those who sleep with their heads under the bed clothes. The invention has received the patronage of the American Association of the Deaf and Dumb.

CATHOLIC CHURCH BURNS DURING TORRENT OF RAIN

Brandenburg, July 26. (Special)—This town experienced an unusually severe electric storm on Saturday afternoon, several residents being slightly shocked. After the reverberations ceased the people were appalled on beholding the Catholic church in flames, the steeple of which had been struck by lightning. In an incredibly short space of time the building was totally consumed. Although the rain was falling in torrents, the heat was so intense that the large bell was melted.

The congregation does not expect to build in near future as the insurance was only \$1,500.

SATURDAY CLOS- ED CHATAUQUA

"Toyshop Pageant" Given As
Climax. Guarantors Insuffici-
For Next Year's Chau-
taqua.

The Community Chautauqua Company closed its final engagement here on Saturday evening. The "Toyshop Pageant" given by the Junior Chautauquans and a lecture by a member of the Public Health Bureau was the Climax of the five days program. About twenty-five children took part in the pageant and they disclosed to a very appreciative audience an unusual amount of talent in musical and dramatic lines for so short a preparation for staging their parts.

The attendance this year to the chautauqua was good at every performance altho not sufficient to meet the deficit of the guarantors. Pledges were taken on Friday evening for the chautauqua next year but there were not enough signers to guarantee the necessary amount to get it. It is probable that Cloverport will have another chautauqua next summer either the Community or some other one.

The program as a whole was good and the week was one of recreation and pleasure for the community. The Golden Rule Store closed every afternoon for its employees to attend, and employees of other business concerns were privileged to attend as they desired.

Bred Gilts for Sale

BRED TO FARROW IN APRIL

When you can save all the pigs, these gilts are good individuals of the very best breeding that I have been able to buy at any price, and bred to a son of Black Price the 1918 Grand Champion of the world and Big Uncle Sam by Big Buster by Giant Buster, The Epoch Maker, the latter hog is the largest boar that I have ever seen for his age and I have looked over some of the very best ones. These hogs are priced right, regular breeders stuff at farmers prices that we can all afford to pay.

If you want a herd boar that will put you in the limelight, a real boar, a son of Black Price, this is breeding that you cannot find anywhere else at three times the price that I am asking for him a great pig for some one that needs him at a bargain. This pig is right for hard service about eleven months old.
